

**LA Technical &
Community College**

TRANSFER GUIDE

Interested in Transferring to Tulane SoPA?

At Tulane School of Professional Advancement (SoPA), we know that finding the right fit for your educational needs is a huge decision. If you're interested in transferring to Tulane SoPA, our advisors can work with you to determine which courses will be accepted and help you navigate the process.

How to Apply to Tulane SoPA as a Transfer Student

Tulane SoPA has entered into an agreement with the Louisiana Technical and Community College System (LCTCS) to facilitate an easy transfer process. To transfer, students should meet the following criteria:

- 1. Completed coursework that includes transferable courses outlined on the SoPA LCTCS Articulation Matrix with at least a C in each course to be transferred**
- 2. Completed at least 30 credit hours with a cumulative GPA of 2.0 or better.**

LCTCS transfer students as identified above, will be offered admission at appropriate standing, subject to SoPA's discretion, policies and practices. For LCTCS transfer students, including those awarded an Associate Degree, Tulane SoPA will accept up to 60 semester units. Courses transferred from other institutions are never figured into the grade point average.

The first step in the transfer process is to submit transcripts from all previously attended colleges or universities. While official transcripts are required for enrollment, you may begin your application with an unofficial transcript. Electronic transcripts are preferred and can be sent to soparecords@tulane.edu. Alternatively, you can mail your official transcripts to the following address: **6823 St. Charles Avenue 125 Gibson Hall Tulane University New Orleans, LA 70118.**

Once we receive your transcripts, one of our admissions advisors will work with you to determine transferable credits. Transfer credits will be awarded following the receipt of official transcripts.

Application Deadlines

Fall August 1

Spring January 1

Summer May 15

Transfer Course Information for LCTCS students

This guide lists all of the transferable courses from the Louisiana Technical and Community College System (LCTCS) and their Tulane course equivalents. The course equivalents included in this guide apply only to students transferring to SoPA and seeking SoPA majors (i.e., digital design, general legal studies, health and wellness, homeland security studies, humanities, exercise science, information technology, public relations, and social sciences).

This guide lists SoPA course equivalencies based on the Louisiana Board of Regents transferable course matrix. While this guide lists the common course numbers and titles, you will find a more detailed spreadsheet with course equivalency listings for each LCTCS school on our website <https://sopa.tulane.edu/content/student-transfers>.

In many cases, Tulane SoPA does not have an equivalent course. In those cases, courses will transfer as distribution area transfer credit and will be used to fulfill the corresponding distribution requirement in humanities (**PAHM 1940/2940**), science (**PASC 1940/2940**), or social sciences (**PASS 1940/2940**). Courses that are transferrable but may not be used to fulfill a distribution requirement will be designated as **REGR 1000**. In some instances, courses may not be transferable, which is indicated by **NC** in the credit column.

Please note: The course evaluation process is ongoing, so this guide may not include all transferable courses. In addition, course equivalencies and transferability may change at any point. Your academic advisor and/or SoPA program director will determine the extent to which transfer credits, even if they have a direct equivalent, will be applied toward your degree.

Common Course Number	Common Course Title	SoPA Course
Accounting		
CACC 2113	Intro to Financial Accounting	BSLS 1110 Accounting I
CACC 2213	Intro to Managerial Accounting	BSLS 1120 Accounting II
